

GRAND LODGE A.O.U.W.

Preparations Have Been Made to Entertain Them.

IT WILL OPEN TUESDAY

Will Attend the Presbyterian Church This Morning.

Quite a few delegates to the A. O. U. W. Grand Lodge meeting arrived in the city last evening, more are expected today and by tomorrow several hundred will be here, although the regular session will not formally open until Tuesday morning. It is expected that the meeting this year will be larger than any previous one in the history of the lodge in this state. Every preparation has been made by the local members to make the visitors have a good time and be well taken care of.

The officers, members of standing committees, a number of representatives and other members of the order interested in the proceedings of the approaching session of the Grand Lodge, Ancient Order of United Workmen, have already arrived in the city, and with the members of the local lodge, Nos. 23 and 25 and their families will attend services at the First Presbyterian church at 11 o'clock this morning. Dr. C. E. Brunt, the pastor, who is also a Workman, will direct the services especially appropriate to the occasion. The members of the local lodge will assemble in Workman hall, corner First and Main streets, and proceed in a body to the lodge to escort the Grand Lodge officers and visitors to the church. Souvenir badges will be distributed to local members at the lodge room. Monday forenoon will be occupied by the visitors in seeing the city. In the afternoon, from 2 until 5 o'clock a reception will be held in Workman hall corner of First and Main streets, by the members of Wichita and Peoria lodges, assisted by the members of Queen City and Peoria lodges, P. of H., to which all Workmen and their families are cordially invited. Refreshments will be served and music provided by Professor Blum's orchestra. This occasion is designed to be a sort of Workmen's love feast, where visitors shall become acquainted with each other and the members of Wichita.

At 7:30 o'clock regular evening lodge No. 23 will hold its regular business meeting in Garfield hall on the corner of First and Water streets, at which initiation work in the Workman degree will be exemplified by the degree team from Upchurch lodge No. 24 of Topeka, using the lantern and screens. Following this, and beginning at 9 o'clock, a special session of the Grand Lodge will be held for the purpose of conferring the Grand Lodge degree upon those who are entitled to receive it.

All the business sessions of the Grand Lodge will be held in Garfield hall, that being the most central hall in the city, capable of accommodating the body.

Further announcement of events for the succeeding days and nights of the week will appear in the Eagle Tuesday morning.

TO THE LOCAL LODGES.
All members of lodges 23 and 25, as well as other residents of the city, will meet in Peoria hall this morning at 10 o'clock sharp, and from there go in a body to the Carey hotel, where you will be joined by visiting members. From there you will go to the First Presbyterian church where reserved seats will await you.

Souvenir badges will be furnished only to members who are in line at the Carey hotel, but not another badge will be given out until the latter part of the week and after all visitors have been supplied. A register will be kept at headquarters and souvenir badges will only be given to visiting members who are registered. It is the intention of the committee that every visitor shall have one and if there be any left, they will be distributed among our own people who do not receive them this morning.

D. A. McNICOLL, Chairman.
E. L. SPENCER, Secretary.

CAPT. SHIELDS A CANDIDATE
Wichita has an Aspirant for Grand Master Workman.

As the delegates to the Grand lodge, A. O. U. W., arrive—and a goodly number are already here—the friends of Captain John H. Shields receive much encouraging assurance of success to his candidacy for grand master workman. The captain's friends in Wichita, who know him best, are enthusiastic in their advocacy of his claims.

F. T. DOLAN'S DIVISION
Improvements Along the Line of a Popular Santa Fe Official.

F. T. Dolan, superintendent of the southern division of the Santa Fe at Wichita, is proud of his division, and justly so. "There is no other division on the road so good as the southern division," said Mr. Dolan, with fatherly pride. "It is in good shape and is still improving. I wish everyone knew what a beautiful ride it is from Wichita down to Purcell."

Improvements are constantly going on at Wichita and all along the division. This week the new water plant was put

THERE IS A CLASS OF PEOPLE

Who are injured by the use of coffee. Recently the place has been placed in all the grocery stores a new preparation called GRAIN-O, made of pure grains, that takes the place of coffee. The most delicate stomach receives it without distress, and but few can tell it from coffee. It does not cost over 10¢ as much. Children may drink it with great benefit. 10¢ and 25¢ per package. Try it. Ask for GRAIN-O.

In operation. The Wichita water tank has been supplied with water from the Wichita city waterworks. Superintendent Dolan thought that a better and cheaper service could be had, and under his direction four driven well points have been sunk just east of the round house. The points are four inches in diameter, and twenty-five feet long, and while pumping from two points all day the water has stood steady at sixteen feet. The water is good and clear and free from extra sediment. This makes a saving in water to the road of at least \$40 a month, and gives them better water and an independent system.

MISS AGNESS LYNCH DEAD

Funeral Will Be Held Monday Afternoon.

Miss Agnes Lynch, daughter of Mr. and Mrs. Thomas H. Lynch, died last night at ten minutes past 8 o'clock, at the home of her parents. The funeral will be held at the Pro-Cathedral, corner of Second and Fourth avenue at 2 o'clock, p. m., Monday afternoon. The remains will be placed in a receiving vault at Maple Grove cemetery until the return of her father who is in Ireland.

No gentler spirit ever took its homeward flight from this pitiless world of sorrow, nor more sweetly resigned its terrestrial bondage for its celestial abiding place. How solitarily have been the faithful watchings of her soft breathing in all these painfully lengthened months, how hopes have been followed by despair. But the waves of life ebbed lower and lower with each recurring sun until finally she slept, closed her eyes until the morn that shall be followed by no evening nor be blurred by clouds or shadows. Gentle, loving Agnes, around few young lives inhaled, clustered so many loves and friendships, loving friends whose voices will call out in sorrow through the purpling shadows for one more word for another fond look. But life's storm is over, the unknown sea of unseen shores is passed and her eternal moorings made in a sheltered haven beyond storm or pale.

There is no death! An angel form walks over the earth with silent tread; He bears our best-loved things away, And then we call them "dead."

And ever near us, though unseen,
The dear immortal spirits tread;
For all the boundless universe
Is life—there are no dead!

SHEA IS SENTENCED

Given Eight Years in the Penitentiary.

WOULD HAVE GIVEN TEN

Judge Dale Says if Dawson Had Died.

Yesterday morning at 9 o'clock Paddy Shea was taken from the county jail and stood before Judge Dale for sentence. When asked if he had anything to say why sentence should not be pronounced Paddy said:

"I have nothing to say, only that I am innocent of this charge. I have a child less than one year old that is very dear to me and I have a widowed mother over 60 years of age—for their sakes I would like to have the court be as lenient as possible with me."

Judge Dale then sentenced him to eight years in the penitentiary. The limit of the sentence on the charge against Shea is ten years.

In his remarks Judge Dale said: "I have deferred sentence for two reasons. One was that I wanted to see whether Dawson was going to die very soon. He was reported several times to be very weak and at times the doctors have announced that he could not live much longer. If he had died I would have given you the limit of the law. It does not appear now that Dawson will die very soon and I have deemed it not advisable to wait longer."

"Another reason for the delay is the demand of time upon the court stenographer who must make out the transcript of evidence in the case."

The case will be appealed to the supreme court when the evidence and all the papers in the case will be reviewed and a decision handed down as to whether Shea shall have a new trial. This is the limit of jurisdiction in criminal cases. A motion was made here before Judge Dale for a new trial but refused. If the supreme court after an examination of the evidence affirms the decision of the court here the case is settled and Shea must pay the penalty.

The papers are being made out and Shea's attorneys think they will get the appeal filed in the supreme court by the 2nd of March. If this is done the supreme court will probably pass upon the case some time in May. It will probably not be more than three months at most until settled.

Paddy was seen in his room at the county jail and he seemed to be in the best of humor.

"I think there is no question but that I'll get a new trial," he said. "I'm not guilty of the charge. I do not deserve the punishment, but I have no words of complaint or censure for the court or for the jury. I hate it most on account of my mother and child. I could stand this myself, but they will suffer, too, even more than I if it should happen that I am denied a new trial."

When Dawson was informed of the sentence, he said:

"I am sorry that it has come to this, but Paddy didn't treat me right. I tried to keep him from being jabbed and then he went and shot me without any cause at all. Paddy didn't treat me right."

A good many people profess to believe that Dawson is in no particular danger and that some of these days he will slip away. That is scarcely possible. He has lost thirty pounds in flesh. Dr. Cave says, since he became bed fast, he is in a very weak and emaciated condition and has to be helped almost in every way. Doctors who have examined him say that it is hardly possible for him to recover.

High Grade

...Bicycles...

Will be the principal sellers this year, for two reasons: Riders who purchased an inferior grade of wheels last year, because they cost little money, have learned that they paid dear for one year's riding, as most of these cheap John wheels are now in a repair shop most of the time; then the price of all high grade wheels has been reduced about half. Many riders in Wichita have ridden a
